Dear Singh Arvind Rajnarayan

Greetings from Roan Research and Science!

Having looked through your application, the organizers embodied by officials at the Yuri Gagarin Space Centre (Star City) in Russia have decided to offer your candidature for this Event.

We would like to Congratulate for your selection out of a large number of applications received from all over the world for the Space Camp Russia 2018.

As already discussed in the previous mail the overall event is partially funded by Russian sponsors (50%) and rest applicant has to bear. On further discussion with the Russian Organizing Committee, we have received an additional discount on the subsidized rate!

The Selected candidate needs to pay only Rs 50,000 (\$ 735) [Excluding flight charges]

The subsidized amount includes your training charge, accommodation, food, transportation within all the events and visa charge.

- • Group transfer/airport pick-up and departure; transportation within all the events;
- • Lodging for the whole period of stay i.e 3-4 days in Moscow City;
- • Full-time English speaking guide;
- • Interpretation of all training activities and events;
- • 3-time meal + 1-time refreshment /Day
- • Completion Certificate and medals
- • Other recreational activities
- • Entire support and guidance from our end
- • Visa and document processing

Flight (additional charge): The Candidate has to book their flight after submitting the documents for visa and receiving the official confirmation letter. Limited flights are provided at a discounted rate from Delhi to Moscow by our logistic partner. Members of Roan Research and science will assist you in choosing the best cheapest flight available online.

You are requested to REPLY "YES I accept the invitation" on the same email as a reply to the confirmation of participation. Do this on Urgent Priority. Your confirmation mail will be sent to the organising committee in Russia to

send an official Invitation letter and get the Russian visa to attend this event. You will get soon on your email an official letter of invitation from the organizers [the Yuri Gagarin Space Centre (Star City)].

We at the ROAN Research and science pledge our further support and look forward to productive cooperation to make this a successful event. See you in Russia for the Space Camp !

If you have any other query regarding the same you can contact me.

With regards,

Nishant Gaurav
